### **Utilities to Present Summer Preparedness Plans before Commission**

(Phoenix) Electric and gas companies will present their summer preparedness plans before the Arizona Corporation Commission Tuesday, April 25, at 10 a.m.

Many utilities are projecting higher demands this year and will show the Commission how they intend to meet that demand and respond to emergency outages. The utilities plans indicate their communications strategies and updates on projects that have been completed, or that are in the works which help ensure reliable service.

Arizona Public Service Company (APS), Tucson Electric Power Company, UNS Electric, Inc., Salt River Project (SRP), Transwestern Pipeline Company, LLC, and Kinder Morgan will all offer presentations and respond to questions. There will also be an opportunity for public comment. The workshop can be viewed live at [www.azcc.gov](http://www.azcc.gov).

*Established by Article 15 of the state's constitution, the Arizona Corporation Commission is responsible for the regulation of public utilities, overseeing the incorporation or registration of companies wishing to do business in Arizona. Additionally, the Corporation Commission registers and oversees securities offerings and dealers, and enforces railroad and pipeline safety. The five commissioners that make up the Commission are elected by the people of Arizona for a four-year term, with the option of serving for two consecutive terms. To learn more about the Arizona Corporation Commission and the Commissioners, please check out <http://www.azcc.gov/Divisions/Administration/about.asp>*
