HB2602 - Railroads; telecommunications corporations; wire-crossing agreements

Sponsor

Rep. Timothy M. Dunn (R)

Summary

A telecommunications corporation that intends to place a line, wire or cable across a railroad right-of-way is required to request the railroad's permission for the placement by applying for a binding wire-crossing agreement. The railroad is required to approve an application within 35 days unless the railroad provides notice to the telecommunications corporation that the proposed crossing is a serious threat to the safe operations of the railroad, or to the current or future use of the railroad right-of-way, or would violate any applicable federal law. If a telecommunications corporation places a line, wire or cable across a railroad right-of-way, the telecommunications corporation is required to pay the railroad a onetime standard crossing fee of \$1,250 for each applicable crossing and is required to reimburse the railroad for any actual flagging expenses associated with placing the line, wire or cable. Some exceptions.

Sponsor

Sen. Sonny Borrelli (R)

Cosponsors

Rep. Leo Biasiucci (R)

Summary

County boards of supervisors in a county with lands that are outside of an Active Management Area (AMA) are authorized to designate by resolution one or more groundwater basins, subbasins, or portions of those basins as a Local Groundwater Stewardship Area (LGSA) if a list of specified conditions exist, including that the use of groundwater exceeds the estimated recharge rate. The Director of the Arizona Department of Water Resources (ADWR) is authorized to designate an area that is not included within an AMA as an LGSA if the same specified conditions exist, and the establishment of an AMA is not necessary. Establishes a process for the board of supervisors and a process for the ADWR Director to designate an LGSA. An LGSA is required to be administered by a 9-member LGSA Council. Powers and duties of an LGSA Council are specified, including adopting an LGSA Plan for groundwater programs and policies for the LGSA. The ADWR Director is required to adopt rules governing the location of new wells and replacement wells in new locations in an LGSA. A county board of supervisors is prohibited from approving a final plat for a subdivision composed of subdivided lands that is located within an LGSA unless the ADWR Director has determined that there is an adequate water supply for the subdivision, and the subdivider has obtained a written commitment of water service for the subdivision from a municipal or private water company that is designated as having an adequate water supply by the ADWR Director. Establishes the ADWR Local Groundwater Stewardship Fund, to be administered by ADWR. ADWR is required to spend monies in the Fund to implement and support LGSAs. Of the monies remaining in the State Lottery Fund each fiscal year after other statutory appropriations and deposits, \$50 million must be deposited in the Fund. More.

SB1390 - Water infrastructure finance authority; amendments**Sponsor**

Sen. Sine Kerr (R)

Summary

Various changes to statutes relating to the Water Infrastructure Finance Authority (WIFA). WIFA is not a public service corporation subject to regulation by the Arizona Corporation Commission. The WIFA Board is authorized to prescribe the terms and conditions of the Director's and staff's employment as necessary, and is required to adopt written policies and guidelines regarding employee compensation and leave. WIFA employees may participate in the Arizona State Retirement System. The definition of "eligible entity" for loans from the Water Supply Development Revolving Fund is modified to mean a water provider that distributes or sells water outside of the boundaries of an initial active management area in which part of the Central Arizona Project aqueduct is located, instead of outside of the boundaries of an active management area located in Maricopa, Pima, or Pinal County. More. Emergency clause.

Summary

Counties and municipalities are prohibited from issuing a residential structure building permit for a single-family structure if the residential structure does not have a 208/240-volt, 50-ampere, NEMA 14-50 branch circuit with a dedicated outlet to charge an electric vehicle in the residential structure's garage or within ten feet of a parking space on the outside of the residential structure. Some exceptions. The Arizona Department of Administration (ADOA) is required to conduct a two-year electric vehicle-ready homes pilot program to reimburse the owner of a single-family or multifamily residential structure the cost of installing a high voltage electrical outlet for the purpose of charging an electric vehicle, up to \$1,000, until the appropriation is exhausted. ADOA is required to submit a report with specified information relating to the pilot program to the Governor and the Legislature by December 31, 2025. Appropriates \$500,000 from the general fund in FY2023-24 to ADOA for the pilot program.

Sponsor

Sen. Priya Sundareshan (D)

Cosponsors

Sen. Rosanna Gabaldón (D), Rep. Stacey Travers (D)

Summary

State agencies are required to prioritize zero emission vehicles in purchasing and leasing new vehicles and to use zero emission vehicles for agency business travel when feasible. The Arizona Department of Transportation (ADOT) is required to develop a state zero emission motor vehicle fleet plan that identifies the types of trips for which a zero-emission vehicle is feasible and develops procurement options and strategies to increase the purchase and use of zero emission vehicles. Within one year after the effective date of this legislation, ADOT is required to submit a draft of the state zero emission motor vehicle fleet plan to the Governor and the Legislature. Appropriates \$500,000 from the general fund in FY2023-24 to ADOT to acquire telematics technology to develop the state zero emission motor vehicle fleet plan.
