10 by posting at the above referenced websites.

11 The Project consists of approximately one mile of the Superior-Silver King 115kV
12 transmission line to be relocated to one-quarter mile northwest of the existing
13 location in Pinal County, near the town of Superior. A general location map of the
14 Applicant's proposed reroute is attached.

15 The proposed route originates at an angle or turning structure along the existing
16 Superior-Silver King 115kV line in the northeast quarter of Section 34, Township 1
17 South, Range 12 East. From this location, the 115kV transmission line will turn
18 north toward existing 230kV and 500kV transmission corridors. In proximity to
19 these high-voltage corridors, the 115kV line will turn northeast and parallel along
20 the south side of the existing transmission corridors. The proposed relocation
21 terminates approximately one mile to the northeast at another angle or turning
22 structure in the southwest quarter of Section 26, Township 1 South, Range 12 East.
