Arizona LDC/Industrial Deliveries

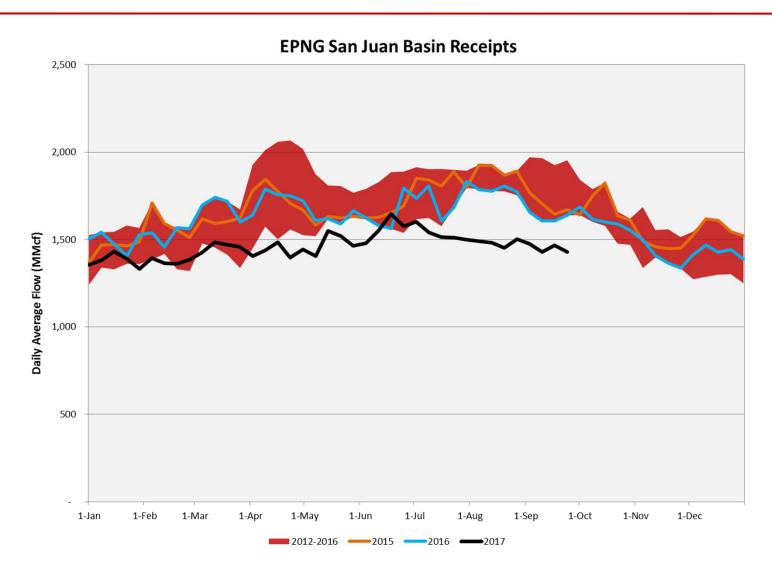

EPNG Throughput Arizona Power Generation

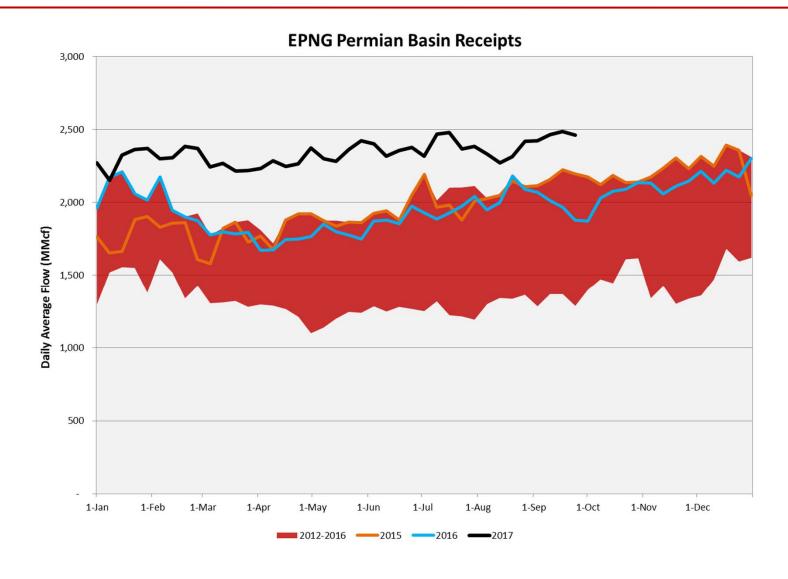

Arizona Power Generation Deliveries

EPNG Supply San Juan Basin

EPNG Supply Permian Basin

Winter Preparedness Plans

Staffing

- Gas Control is 24 x 7 x 365.
- Field technicians are on-site or on-call.

Facility preparation

- Facility inspections with focus on weatherproofing.
- Assessment of back-up power needs (existing stand-by generation and rental generators as deemed necessary).
- Prepare vehicles for cold weather.

Communication and Coordination

- Customer Winter Preparedness Meeting (WebEx/conference call) October 26, 2017.
- Customer-specific winter preparedness meetings or communications.
- Shipper and Stakeholder Mass Communication via EBB notices and text messages.
- Shipper-Specific Communications.

Operational Response

- Multiple flow paths for supply to reach the market.
- Access to supply area storage: Washington Ranch, Keystone Gas Storage and Merchant Ranch Storage.
- EPNG has developed excellent working relationships with both affiliated and non-affiliated interconnecting pipelines which provide additional layers of contingency management in responding to emergency situations.
