Re: CPNI Rules – Docket No. RT-00000J-02-0066

AZ CORPORATION COMMISSION
DIRECTOR OF UTILITIES

Enclosed are three sets of proposed CPNI rules. The first set mandates opt-in as the only mechanism by which a carrier may share CPNI and has additional verification procedures compared to the FCC. The second set uses a combination of opt-in and opt-out procedures depending on the circumstances, and is based in part on rules adopted by the Washington Utilities and Transportation Commission. The second set also incorporates additional verification procedures. The third set of rules uses a combination of opt-in and opt-out procedures modeled on the current FCC rules, combined with additional verification procedures. Staff has not yet determined which set of rules to recommend to the Commission. The three sets of rules are only a Staff draft, and may be modified by Staff at any time.

Staff encourages all interested parties to provide comments and input. Please review these proposed rules and file an original and 13 copies of your comments with the Commission's Docket Control Center, 1200 W. Washington, Phoenix Arizona 85007 on or before **May 17, 2004**. Staff appreciates the input of all interested parties in the development of these important rules.

Very truly yours,
