SECTION 1 -
DEFINITIONS

Commission: The Arizona Corporation Commission.

Company: WANRack, LLC, a Kansas limited liability company, which is the issuer of this tariff.

Customer: The person, firm, corporation or other entity which orders or uses service and, has agreed by signature or otherwise to honor the terms of the service herein, and is responsible for the payment of rates and charges for service to customer locations and for compliance with tariff regulations.

Individual Case Basis ("ICB"): A service arrangement in which the regulations rates and charges are developed based on the specific circumstances of the Customer's situation.

Internet Protocol Transfer: Transfer of information through the use of software that tracks the Internet address of nodes, routes outgoing messages, and recognizes incoming messages.

Private Line Transmission: A dedicated nonswitchable link from one or more customer-specified locations to one or more customer-specified locations.

Packet Based Data Services: Data services sent in packets through a network to some remote location. The data to be sent is assembled by the Packet Assembler/Disassembler in to individual packets of data, involving a process of segmentation or subdivision of larger sets of data as specified by the native protocol of the transmitting device.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order, Service Contract or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance
