Please note that a "document" means all pages in A.C.C. records that are entered under one document identification number. This means, for example, if you requested a copy of a merger, you will get the Articles of Merger plus any and all other documents submitted with the Articles, because the entire package is in A.C.C. records under one document id number and is considered to be one document.

6. RECORDS OR SERVICE REQUESTED – check all boxes that apply to indicate what information you want on the entity:

Certificate of Good Standing

Certified copy of one or more documents - list the documents below (*example* - Articles of Incorporation, all Amendments, Annual Report for year 2009) and put the quantity if you want more than one copy of each:

Uncertified (plain) copy of documents - list the documents below (*example* - Articles of Incorporation, Annual Report for year 2008) and put the quantity if you want more than one copy of each:

Archival records search - Stock search (this is a search for very old entities that generally do not appear in A.C.C. computerized records - do not check this if you just want a copy of a document - see above for copies.)

A Certificate (not for copies) - describe what you want the certificate to say, for example, that a particular entity does not exist in A.C.C. records, or that certain entities merged.
