SECTION 1.0 - DEFINITIONS

For the purpose of this tariff, the following definitions will apply:

Access Line - An arrangement which connects the Customer's location to a carrier's switching center or point of presence.

Account Codes - Optional, Customer-defined digits that allow the Customer to identify the individual user, department or client associated with a call. Account Codes appear on the Customer bill.

Advance Payment - Part or all of a payment required before the start of service.

Authorized User - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Business - A class of service provided to individuals engaged in business, firms, partnerships, corporations, agencies, shops, works, tenants of office buildings, and individuals practicing a profession or operating a business who have no offices other than their residences and where the use of the service is primarily or substantially of a business, professional or occupational nature.

Cloud - a phone system that delivers calls over the internet, routes inbound calls to the correct workers inside a company, and provide telephony applications like voicemail and call recording.

Commission - Arizona Corporation Commission.

Company or Carrier - ANPI Business, LLC

Customer - The person, firm, corporation or other entity which orders, cancels, amends or uses service and is responsible for payment of charges and compliance with the Company's tariff.

Deposit - Refers to a cash or equivalent of cash security held as a guarantee for payment of the charges.

SECTION 1.0 - DEFINITIONS (CONT'D)

DID Trunk - A form of local switched access that provides the ability for an outside party to call an internal extension directly without the intervention of the Company operator.

Dial Pulse (or "DP") - The pulse type employed by rotary dial station sets.

Dual Tone Multi-Frequency (or "DTMF") - The pulse type employed by tone dial station sets.

End User - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The End User is responsible for payment unless the charges for the services utilized are accepted and paid for by another Customer.

End Office - With respect to each NPA-NXX code prefix assigned to the Company, the location of the Company's "end office" for purposes of this tariff shall be the point of interconnection associated with that NPA-NXX code in the Local Exchange Routing Guide ("LERG").

Hearing Impaired - Those persons with communication impairments, including those hearing impaired, deaf, deaf/blind, and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.

Hunting - Routes a call to an idle station line in a prearranged group when the called station line is busy.

In-Only - A service attribute that restricts outward dial access and routes incoming calls to a designated answer point.

Internet Protocol Private Branch Exchange (iPBX) - A private local telephone system that uses Internet protocol (IP) to provide telephone service within a building or group of buildings in a small geographic area.

SECTION 1.0 - DEFINITIONS (CONT'D)

LATA - A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

LEC - Local Exchange Company

Minimum Point of Presence ("MPOP") - The main telephone closet in the Customer's building.

Monthly Recurring Charges - The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Multi-Frequency or ("Mr) - An inter-machine pulse type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Non-Recurring Charge ("NRC") - The initial charge, usually assessed on a one-time basis, to initiate and establish service.

Other Telephone Company - An Exchange Telephone Company, other than the Company.

PBX - Private Branch Exchange - means a telephone system within an enterprise that switches call between enterprise users on local lines while allowing all users to share a certain number of external phone lines.

Premises - A building or buildings on contiguous property.

Record Order Charge - applied to existing Business Local Service Customers who initiated a change to their billing records, including but not limited to a suspension of services, change in name of billing party, or an addition or change of calling card or intraLATA calling plan services. A Service Order Charge is not charged with a Record Order Charge.

Recurring Charges - The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

SECTION 1.0 - DEFINITIONS (CONT'D)

Service Commencement Date - The first day following the date on which the Company notifies the Customer that the requested service is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order and this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order - The written request for services executed by the Customer and the Company in the format devised by the Company. The signing of an Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Session Initiation Protocol (SIP) - the use of voice over IP (VoIP) to facilitate the connection of a private branch exchange (PBX) to the Internet.

Telecommunications Company or Provider - Used throughout this tariff to mean ANPI Business, LLC unless clearly indicated otherwise by the text.

Two Way - A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

Usage Based Charges - Charges for minutes or messages traversing over local exchange facilities.

User or End User - A Customer, Joint User, or any other person authorized by a Customer to use service provider under this tariff.

Voice over Internet Protocol (VoIP) - means facilities used to manage the delivery of voice information over the Internet.

DECISION NO. 75027

SECTION 2.0 - RULES AND REGULATIONS**2.1 Undertaking of the Company****2.1.1 Scope**

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission originating from points within the State of Arizona, and terminating within a local calling area as defined herein.

The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

2.1.2 Shortage of Equipment or Facilities

- (A) The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- (B) The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

SECTION 2.0 - RULES AND REGULATIONS (CONTD.)

2.1 Undertaking of the Company (Cont'd.)

2.1.3 Terms and Conditions

- (A) Service is provided on the basis of a minimum period of at least one month, 24 hours per day. For the purpose of computing charges in this tariff, a month is considered to have thirty (30) days.
- (B) Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- (C) Except as otherwise stated in the tariff, at the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon proper notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- (D) Service may be terminated upon written notice to the Customer if:
 - (1) the Customer is using the service in violation of this tariff; or
 - (2) the Customer is using the service in violation of the law.
- (E) IP Voice service requires a high speed broadband connection which the Company can but does not always provide. Events beyond the Company's control may affect Service, such as power outages, fluctuations in the Internet, underlying Internet Service Provider (ISP) or broadband service, or maintenance. ANPI Business, LLC will act in good faith to minimize disruptions to use of and access to Service.

SECTION 2.0 - RULES AND REGULATIONS (CONTD.)

- A. (F) IP Voice Service is dependent upon electrical power and, even with a Customer premises back up power source, if the electrical provider and/or Company's cable network or facilities are not operating, the IP Voice Service, including the ability to access emergency 911 services, may not be available. The Company accepts no responsibility for Service outages due to the non-availability at the Customer's premises of electrical power.
- (G) This tariff shall be interpreted and governed by the laws of the State of Arizona without regard for its choice of laws provision.

2.1 Undertaking of the Company (Cont'd.)

2.1.3 Terms and Conditions (Cont'd.)

- (F) Any Other Telephone Company may not interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.
- (G) To the extent that either the Company or any Other Telephone Company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its Customers. At the reasonable request of either party, the Company and the Other Telephone Company shall jointly attempt to obtain from the owner of the property access for the other party to serve a person or entity.

The Company hereby reserves its rights to establish optional service packages specific to a particular Customer. These contracts may or may not be associated with volume and/or term discounts.

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

The Customer may not nor may the Customer permit others to rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- (B) The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided by the Customer.
- (C) Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which the equipment is provided.
- (D) Except as otherwise indicated, Customer provided station equipment at the Customer's premises for use in connection with the service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- (E) The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - (1) the through transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
 - (2) the reception of signals by Customer-provided equipment; or
 - (3) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

- 2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and the Arizona Commission's regulations, policies, orders, and decisions.
- 2.2.3 The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked Service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.
- 2.2.4 A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

2.4 Customer Equipment and Channels (Cont'd.)

2.4.3 Interconnection of Facilities

Local Traffic Exchange provides the ability for another local exchange provider to terminate local traffic on the Company's network. In order to qualify for Local Traffic Exchange the call must: (a) be originated by an end user of a company that is authorized by the Commission to provide local exchange service; (b) originate and terminate within a local calling area of the Company.

Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communications Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.

Communications Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.

Facilities furnished under this tariff may be connected to Customer provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all user-provided wiring shall be installed and maintained in compliance with those regulations.

2.5 Customer Deposits and Advance Payments

2.5.1 Deposits

Company shall determine credit worthiness in an equitable and nondiscriminatory manner. The decision to require a deposit shall be based solely on the customer's or applicant's credit history and shall not be based upon location, income level, source of income, occupation, race, creed, sex, national origin, marital status, or number of dependents. The Company shall use the following criteria to determine whether to require a deposit, a guarantee, or other payment as a condition of new or continued service:

- (A) Company may require existing business customers to make deposits if their payment records show substantial nonpayment for jurisdictional services provided by the Company in any two of the last six months, or three of the last twelve months. A deposit may be required even if such customers have paid a part of the amount owed before the date of service disconnect for nonpayment. The Company must give the customer written notice of the amount of the deposit that is required. The written notice shall inform the customer that the deposit payment must be received in 15 calendar days.
- (B) Company may require an existing business customer to make a deposit if the Company has reason to believe the customer's credit worthiness is in jeopardy. Company shall keep on file the information or reason for this credit judgment and make the information available to the customer upon request. Unless the Company can reasonably demonstrate that the commercial enterprise is likely to cease operation, information which would lead the Company to change its judgment of the customer's credit worthiness shall be limited to bad debt records or tax liens.
- (C) Existing customers may be required by the Company to pay a deposit in full before service is restored whenever the denied service has been disconnected for non-payment of outstanding charges.
- (D) The company will offer at least one non-cash alternative for payment of a deposit.

2.5.4 Refund of Deposits

Upon discontinuance of service, or when a customer establishes credit by other means, the Company shall promptly refund any deposit, plus accrued simple interest, or the balance, if any, in excess of the unpaid bills for the jurisdictional services furnished by the Company. A transfer of service from one location to another within the area served by the Company shall not be deemed a discontinuance of service with the Company if the character of the service remains unchanged.

When a deposit, with any associated interest, is applied to the liquidation of unpaid amounts owed to the Company, the Company will mail, or otherwise deliver to the customer, a statement showing the amount of the original deposit, plus any accrued interest, the amount of unpaid amounts owed to the Company liquidated by the deposit, plus any interest and the balance remaining due either to the customer or the Company.

Unless the Company has obtained sufficient factual information to determine that a customer is an unsatisfactory credit risk, the Company will promptly refund a customer's deposit, plus 6%, upon satisfactory payment of all proper charges for 12 consecutive months.

The Company will annually review accounts of customers with deposits and will refund deposits. At the option of the Company, a deposit plus accrued interest may be refunded in whole or in part at any time earlier than the times prescribed the previous paragraph.

In any event, if there is a balance due the customer after service is discontinued and a final bill is rendered by the Company, that balance shall then be due and payable within 10 working days to the customer without demand or notice from the customer. When a refund of the deposit cannot be made on the first attempt, the Company will make a reasonable effort to make the refund.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D.)**2.7 Allowances for Interruption in Service (Cont'd.)****2.7.4 Application of Credits for Interruptions in Service**

- (A) Credits for interruptions in service that is provided and billed on a flat rate basis for a minimum period of at least one month, beginning on the date that billing becomes effective, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which the event that gave rise to the claim for a credit occurred. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- (B) For calculating credit allowances, every month is considered to have thirty (30) days.
- (C) In the event the customer's jurisdictional service from a Company is interrupted and remains out of order for 8 or more hours during a continuous 24 hour period after being reported by the customer, or found to be out of order by the Company, (whichever occurs first) appropriate adjustments shall be automatically made by the Company to the customer's bill.

The adjustment will be, at a minimum, a credit on the monthly bill for jurisdictional Company services proportional to the duration of the service interruption, with each occurrence of the loss of service for 8 hours during the 24 hours time period counting as one day. For the purpose of administering this rule, every month is considered to have 30 days.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D.)**2.7 Allowances for Interruption in Service (Cont'd.)****2.7.4 Application of Credits for Interruptions in Service (Cont'd.)**

- (D) Company will not be required to provide an adjustment for the loss of service during time periods due to the following conditions:
- (a) the negligence or willful act of the customer; or
 - (b) a malfunction of facilities other than those under the control of the LEC; or
 - (c) natural disasters or other events affecting large numbers of customers such as described in Rule 16.1.4; or
 - (d) the inability of the LEC to gain access to the customer's premises when required.
- (E) In the event the Company misses a service call (i.e., an appointment for a premise visit associated with installation of new service) by more than four hours, the Company shall make a credit to the monthly bill of the customer in the amount of one-third the tariffed rate that was to be charged. This credit shall also apply when the Company misses scheduled installation work to be done in the central office.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D.)

2.8 Cancellation of Service/Termination Liability

If a Customer cancels a service order or terminates services before the completion of the term for any reason other than a service interruption (as defined in Section 2.7.1) or where the Company breaches the terms in the service contract, Customer may be requested by the Company to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.6.2.

2.8.1 Termination Liability

Customer's termination liability for cancellation of service shall be equal to:

- (A) all unpaid non-recurring charges reasonably expended by Company to establish service to Customer, plus;
- (B) early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus;
- (C) all recurring charges specified in the applicable Service Order for the balance of the then current term discounted at the prime rate announced in the *Wall Street Journal* on the third business day following the date of cancellation;
- (D) minus a reasonable allowance for costs avoided by the Company as a direct result of Customer's cancellation.

2.9 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties to a) any subsidiary, parent company or affiliate of the Company; b) pursuant to any sale or transfer of substantially all the assets of the Company; or c) pursuant to any financing, merger or reorganization of the Company.

3.2 Network Premises Work Charge

Network Premises Work Charge apply when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities.

Network Premises Work Charge will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities.

The time period for which the Network Premises Work Charge is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Network Premises Work vary by time per Customer request.

3.3 Restoration of Service

A restoration charge applies to the restoration of suspended service and facilities because of nonpayment of bills and is payable at the time that the restoration of the suspended service and facilities is arranged. The restoration charge does not apply when, after disconnection of service, service is later re-installed.

SECTION 4.0 - NETWORK SERVICES DESCRIPTIONS (CONT'D)**4.2 Standard Business Line**

The Standard Business Line provides a Customer with unlimited local calling, which can be used to place or receive one call at a time. Standard Business Lines are provided for the connection of Customer-provided wiring. An optional per line Hunting feature is available for multi-line Customers which routes a call to an idle station line in a prearranged group when the called station line is busy (see Section 7.1 for rates).

4.3 PBX Trunk Service

Basic PBX Trunk Service provides a Customer which can be used to place or receive one call at a time. Basic Trunks are provided for connection of Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Basic PBX Trunk is provided with touch-tone signaling and may be configured into a hunt group at no additional charge with other Company-provided Basic PBX Trunks. The signal is an analog signal at the DSO level.

4.4 Direct Inward Dialing (DID) Service

Direct Inward Dialing ("DID") permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer's location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

4.5 Optional Calling Features

The features listed in Section 9.4 are offered by the Company to Business Customers only. Refer to Rates in Section 9 of this tariff for specific features offered with each type of local exchange service.

4.5.1 Features Descriptions

- (A) **Abbreviated Access - One Digit & Two Digits (Shared List):** Allows a customer to place a call to a predetermined telephone number by dialing an abbreviated code. Two arrangements are available, namely, Abbreviated Access, one-digit or Abbreviated Access, two-digit. The customer shares a speed call list with their Abbreviated Access provider and the provider controls the speed call list and informs clients of the digit(s) to dial to reach the predetermined telephone number.
- (B) **Call Forwarding - Busy Line (Expanded):** Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the called number is busy.
- (C) **Call Forwarding - Busy Line (Overflow):** Allows a customer to have incoming calls forwarded to another predetermined number within the same central office switch if the called number is busy.
- (D) **Call Forwarding - Busy Line (Programmable):** Allows a customer to have incoming calls forwarded to another number when the called number is busy. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.
- (E) **Call Forwarding - Busy Line/Don't Answer (Expanded):** Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the called number is busy or if the customer does not answer after a preset number of ringing cycles.

- (G) Call Forwarding Don't Answer (Basic): Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order.
- (H) Call Forwarding Don't Answer (Expanded): Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the customer does not answer after a preset number of ringing cycles.
- (I) Call Forwarding Don't Answer (Programmable): Allows a customer to have incoming calls forwarded to another number if the customer does not answer after a preset number of ringing cycles. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.
- (J) Call Forwarding Variable: Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code from his/her exchange line along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature.

4.5 Optional Calling Features (Cont'd.)

4.5.1 Features Descriptions (Cont'd.)

- (K) Call Rejection: Enables a customer to reject call attempts from up to 15 numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.
- (L) Call Trace: Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a usage basis only. After receiving the call which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for further action. The customer originating the trace will not receive the traced telephone number. The results of a trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them. The Company is not liable for damages if, for any reason, the Call Trace attempt is not successful. After three successful traces to the same number, the customer may request the Company take deterrent action. In extenuating circumstances, such as life and death threats, obscene or harassing calls, the Company will take appropriate deterrent action after one activation of Call Trace.
- (M) Call Transfer: Enables a customer to transfer an incoming call to a third party or add a third party to an existing call, forming a three-party connection, and then to leave the connection without disconnecting the call.

4.5 Optional Calling Features (Cont'd.)

4.5.1 Features Descriptions (Cont'd.)

- (N) Call Waiting - Basic: Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting is provided with the feature and allows a Call Waiting end-user to disable the Call Waiting feature for the duration of a single outgoing telephone call. Cancel Call Waiting is activated by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.
- (O) Caller ID - Number: Permits the end-user to view a Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE.
- (P) Caller ID - Name & Number: Allows for the automatic delivery of a calling party's name and telephone number (including nonpublished and nonlisted telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name and number are displayed on customer provided equipment.
- (Q) Caller ID - With Privacy+: Includes the Caller Identification - Name and Number functionality and, in addition, provides the customer with the ability to screen private and unidentified calls that are placed to their number.
- (R) Continuous Redial: Allows a customer to dial a code that will cause the feature to automatically redial the last number the customer dialed. If the called number is busy, the feature will redial the called number for a limited period of time. A tone alerts the customer when the called number becomes available. This service is available on a usage or subscription basis.

The feature is activated by dialing a preset access code and the telephone number of the line to which the signal is directed.
- (T) Directed Call Pickup: Allows a customer to answer a call, during the ringing cycle, that is directed to another line by dialing a preset access code and the telephone number of the line to be answered. Both the originating line and the line to be answered must be equipped with the feature.
- (U) Distinctive Alert: Allows a customer to receive an audible Call Waiting tone or Distinctive Ringing signal from a line equipped with Dial Call Wailing. If the called line is idle, a Distinctive Ringing signal will be heard. If the called line is busy, the called line receives a Call Waiting tone.
- (V) Hot Line: Hot Line service allows a customer to establish a switched connection to a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined telephone number.
- (W) Warm Line: Warm Line Service allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within a specified length of time after going off-hook. When the customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office switching equipment.

SECTION 4.0 - NETWORK SERVICES DESCRIPTIONS (CONT'D)**4.8 Jurisdictional Reports**

For Voice over Internet Protocol ("VoIP") services, the Company will use the percentage of interstate originating Feature Group D usage to determine the Percent of Interstate Usage ("PIU") to apply to all other VoIP Services provided by the Company to the Customer.

For VoIP Services for which the Company cannot determine the jurisdictional nature of Customer traffic and its related access minutes, the Company reserves the right to require the Customer to provide a projected estimate of its traffic, split between the interstate and intrastate jurisdictions. The Customer shall upon ordering service, and annually thereafter, report the PIU and such report will be used for billing purposes until the Customer reports a different projected interstate percentage for a working trunk group. When the Customer adds trunks to or removes trunks from an existing group, the Customer shall furnish a revised projected PIU that applies to the total trunk group. The revised report will serve as the basis for future billing and will be effective on the next bill date.

No pro-rating or back-billing will be done based on the report. The Company may require call detail records to substantiate any projected PIU provided to the Company. In the event that the required jurisdictional report is not provided, the Company recorded or estimated PIU will be applied to the bill.

The Company may request this detailed information annually. If the audit results represent a substantial deviation from the Customer's previously reported PIU for the period upon which the audit was based, the call detail records may be requested more than once annually.

DECISION NO. 75027

SECTION 6.0 - TELECOMMUNICATIONS RELAY SERVICE**6.1 Telecommunications Relay Service**

The Arizona Relay Service (AZRS) is a relay telecommunications service for the deaf, hearing and/or speech-disabled population of the state of Arizona. The service permits telephone communication between individuals with hearing and/or speech disabilities who must use a Text Telephone and individuals with normal hearing and speech.

6.2 Surcharge

In addition to the charges provided in this tariff, a surcharge will apply to all business access lines served by the Company. This surcharge applies regardless of whether or not the access line uses the Arizona Relay Service.

This surcharge serves as the funding vehicle for the operation of the Arizona AZRS and shall be calculated by the Commission. The Commission shall compute the AZRS Surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period.

The surcharge shall not be included in each subscriber's bill as part of the subscriber's base rate. The surcharge shall be listed as a separate item appearing on each customer's monthly billing statement as rendered by the Company. The charge shall be listed as the "Arizona Relay Service".

DECISION NO. 75027

SECTION 7.0 - MISCELLANEOUS SERVICES**7.1 Hunting Services**

Hunting Service is an optional arrangement available to customers with two or more individual line or trunk services. Where facilities permit, such lines will be arranged so that incoming calls to a busy line/trunk will overflow to other available lines/ trunks for that customer.

The increment for each individual line/trunk arranged for Hunting Service is in addition to the regular access line/trunk rate. The nonrecurring charge applies to establish, change to or from, or to rearrange companion line service. The following monthly increments are for each access line/trunk arranged.

	Maximum Nonrecurring Charge	Maximum Monthly Rate
Business - Access line/ trunk, each	\$10.00	\$8.35

7.2 N-1-1 Abbreviated Dialing Codes**7.2.1 Description**

- A. Abbreviated dialing codes enable callers to connect to a location in the phone network that otherwise would be accessible only via a seven or ten-digit telephone number. The network must be pre-programmed to translate the three-digit code into the appropriate seven or ten-digit telephone number and route the call accordingly. For N-1-1 codes, the first digit can be any digit other than 1 or 0 and the last two digits are both 1.

SECTION 7.0 - MISCELLANEOUS SERVICES (CONT'D.)

7.2 N-1-1 Abbreviated Dialing Codes (Cont'd.)

7.2.1 Description (Cont'd.)

- B. The following N-1-1 abbreviated dialing codes were assigned for specific uses by FCC Decision Nos. 97-51 and 00-256, issued in CC Docket 92-105:

211- Community Information and Referral Services
311 - Non-Emergency Governmental Services
511 - Traffic and Transportation Information
711- Telecommunications Relay Service
811 - Advance Notice of Excavating Activities (Call Before You Dig)

7.2.2 Terms and Conditions

- A. The offering of these abbreviated dialing codes can be delivered via regular exchange access lines (by individual business line, PBX trunks, etc.)
- B. Access to these abbreviated dialing codes is not available through the following dialing arrangements:

1+, 0+, 0- (credit card, third-party billing, collect calls) 101XXXX

In addition, operator assisted calls will not be completed.
- C. The Company will provide only the delivery of the calls. The entity that has been granted authorization to use the N-1-1 abbreviated dialing code will be responsible for providing any announcements and services to the callers.

SECTION 8.0 - PROMOTIONAL OFFERINGS / CONTRACT & ICB**8.1 Contract Rates / Individual Case Basis (ICB) Arrangements**

In lieu of the rates otherwise set forth in this tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for Carrier's services may be established at negotiated rates on an individual case basis (ICB). ICB rates, terms and conditions will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligations and regulation set forth in this tariff shall be incorporated into, and be part of, said contract, and shall be binding on Carrier and Customer. Specialized rates or charges will be made available to similarly situated customers on a non-discriminatory basis.
