Effective: May 26, 2014

CURTAILMENT PLAN FOR: Cerbat Water Co., Inc.

ADEQ Public Water System No: 04- 08341

Cerbat Water Co., Inc. ("Company"), is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff.

This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company.

The Company shall notify its customers of this new tariff as part of its next regularly scheduled billing after the effective date of the tariff or no later than sixty (60) days after the effective date of the tariff.

The Company shall provide a copy of the curtailment tariff to any customer, upon request.

**Stage 1 Exists When:**

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, the Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

**Stage 2 Exists When:**

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 2, the Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

Tariff Sheet No.:  2 of 4   
Decision No.:  74440   
Effective:  May 26, 2014

Notice Requirements: Under Stage 2, the Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

**Stage 3 Exists When:**

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, the Company shall request the customers to voluntarily employ water conservation measures to reduce daily consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

- 1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.
- 2. Beginning with Stage 3, the Company shall post at least  2  signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.
- 3. The Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a **mandatory** restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited
- Washing of any vehicle is prohibited
- The use of water for dust control or any outdoor cleaning uses is prohibited
- The use of drip or misting systems of any kind is prohibited
- The filling of any swimming pool, spas, fountains or ornamental pools is prohibited
- The use of construction water is prohibited

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply with two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

**CROSS-CONNECTION OR BACKFLOW TARIFF**

PURPOSE:

The purpose of this tariff is to protect Cerbat Water Co., Inc. ("Company") water from the possibility of contamination caused by the backflow of contaminants that may be present on the customer's premises by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to the provisions of the Arizona Administrative Code ("A.A.C.") R14-2-405.B.6 and A.A.C. R18-4-215.

REQUIREMENTS:

In compliance with the Rules of the Arizona Corporation Commission ("Commission") and the Arizona Department of Environmental Quality ("ADEQ"), specifically A.A.C. R14-2-405.B.6 and A.A.C. R18-4-215 relating to backflow prevention:

1. The Company may require a customer to pay for and to have installed a backflow-prevention assembly if A.A.C. R18-4-215.B or C applies.
2. A backflow-prevention assembly required to be installed by the customer under Paragraph 1 of this tariff shall comply with the requirements set forth in A.A.C. R18-4-215.D and E.
3. Subject to the provisions of A.A.C. R14-2-407 and 410, and in accordance with Paragraphs 1 and 7 of this tariff, the Company may terminate service or may deny service to a customer who fails to install a backflow-prevention assembly as required by this tariff
4. The Company shall give any existing customer who is required to install a backflow-prevention assembly written notice of said requirement. If A.A.C. R14-2-410.B.1.a. is **not** applicable, the customer shall be given thirty (30) days from the time such written notice is received in which to comply with this notice. If the customer can show good cause as to why he cannot install the backflow-prevention assembly within thirty (30) days, the Company or Commission Staff may suspend this requirement for a reasonable period of time.

5. Testing shall be in conformance with the requirements of A.A.C. R18-4-215.F. The Company may require the customer to pay to have the backflow-prevention assembly tested as long as the Company does not require an unreasonable number of tests.
6. The customer shall provide the Company with records of installation and testing. For each backflow-prevention assembly, these records shall include:
  - a. assembly identification number and description;
  - b. location
  - c. date(s) of test(s);
  - d. description of repairs and recommendations for repairs made by tester; and
  - e. the tester's name and certificate number.
7. In the event the backflow-prevention assembly does not function properly or fails any test, and an obvious hazard as contemplated under A.A.C. R14-2-410.B.1.a. exists, the Company may terminate service immediately and without notice. The backflow-prevention assembly shall be repaired or replaced by the customer and retested.
8. In the event the backflow-prevention assembly does not function properly or fails any test, or in the event that a customer fails to comply with the testing requirement, and A.A.C. R14-2-410.B.1.a. is not applicable, the backflow-prevention assembly shall be repaired or replaced within fourteen (14) days of the initial discovery of the deficiency in the assembly or its function. Failure to remedy the deficiency or dysfunction of the assembly, or failure to retest, shall be grounds for termination of water service in accordance with A.A.C. R14-2-410.

**STATEMENT OF TERMS AND CONDITIONS**  
**WATER SERVICE**

**I. CROSS-CONNECTION CONTROL**

**A. Purpose.**

To protect the public water supply in the Company's water supply in the Company's water system from the possibility of contamination caused by backflow through unprotected cross-connections by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to the provisions of the Arizona Administrative Code, Title 14, Chapter 2, Section 405.B.6 as adopted by the Arizona Corporation Commission, and Title 18, Chapter 4, Section 115, as adopted by the Arizona Department of Environmental Quality, as those regulations may be revised from time to time.

**B. Inspections.**

The customers shall cooperate fully with the Company in its efforts to investigate and determine the degree of potential health hazard to the public water supply which may result from conditions existing on the customer's premises.

**C. Requirements.**

In compliance with the rules and Regulations of the Arizona Corporation Commission and the Arizona Department of Environmental Quality, specifically A.A.C. R14-2-405.B6 and A.A.C.R18-4-115 relating to backflow prevention:

**STATEMENT OF TERMS AND CONDITIONS**  
**WATER SERVICE**

2. A backflow-prevention assembly required to be installed by the customer under This tariff shall comply with the requirements set forth in A.A.C. R18-4115.D and E.
3. The company shall give customer who is required to install and/or test a backflow-prevention assembly written notice of said requirement. If A.AC.R15-2-410.B.1.a. is not applicable, the customer shall be given thirty (30) days in which to comply with this notice, If the customer can show good cause as to why he cannot install the device within thirty (30) days, the company or the Arizona Corporation Commission Staff may grant additional time for this requirement.
4. Testing shall be in conformance with the requirements of A.A.C.R18-4-15.F. The Company shall not require an unreasonable number of tests.
5. The customer shall provide the Company with records of installation and testing. For each backflow-prevention assembly, these records shall include:
  - a. assembly identification number and description;
  - b. location;
  - c. dates(s) of test (s)
  - d. description of repairs made by tester; and
  - e. tester's name and certification number.

**D. Discontinuance of services.**

In accordance with A.A.C. R14-2-407 and 410 provisions of this tariff, the Company may terminate service or deny service to a customer who fails to install and or test backflow-prevention assembly as required by this tariff.

**STATEMENT OF TERMS AND CONDITIONS  
WATER SERVICE**

1. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410.B.1.a is applicable, the company terminates service immediately and without notice. The backflow-prevention assembly shall be installed and repaired by the customer and retested before service is restored.
2. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410.B.1.a is applicable, the back flow-prevention assembly shall be installed and/or repaired by the customer and tested within fourteen (14) days of written notice by the company. Failure to install or to remedy the deficiency or dysfunction of the assembly, or failure to retest shall be grounds for termination of water utility service in accordance with A.A.C.r14-2-410.

**II. SERVICE LIMITATIONS**

The Company will supply only such water at such pressures as may be available from time to time as result of the normal operation of its water system. The company will maintain a minimum water pressure of 20 p.s.i. and will not guarantee a specific gallon per minute flow rate at any public fire hydrant nor fire sprinkler service. In the event service is interrupted or irregular or defective or fails from cause beyond the Company's control or through ordinary negligence or its employees or agents, the Company will not be liable for any injuries or damages arising there from.

**SERVICE TARIFF**

The Company will supply only such water at such pressures as may be available from time to time as a result of the normal operation of its water system. The Company does not guarantee a specific water pressure or gallons per minute flow rate at any public fire hydrant or private fire service. In the event service is interrupted or irregular or defective or fails from causes beyond the Company's control or through ordinary negligence of its employees or agents, the Company will not be liable for any injuries or damages arising therefrom. Ratepayers shall not be required to reimburse through rates, damages from the acts or omissions of the Company, its principals, agents or employees.

2. **Limitation of Company responsibility.** The Company does not assume the responsibility of inspecting or maintaining any customer's piping or apparatus and will not be responsible therefor; however, the Company reserves the right to refuse water service unless the customer's piping or apparatus is installed in such manner as to prevent cross connections or backflow into the Company's system in compliance with the Company's Cross-Connection/Backflow Tariff as approved by the Commission.
3. **Third party claims.** Company will not be responsible for any third-party claims against Company that arise from Customer's use of Company's utility service unless such claims are caused by the Company's willful misconduct or gross negligence.
4. **Indemnity.** Customer will indemnify, defend and hold harmless the Company (including the costs of reasonable attorney's fees) against all claims (including, without limitation, claims for damages to any business or property, or injury to, or death of, any person) arising out of any wrongful act or negligent omission of the Customer, or the Customer's agents, in connection with the Company's service or facilities.

nature arising from errors, mistakes, omissions, interruptions, or delays of the Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, moving, terminating, or changing the service or facilities or equipment shall not exceed an amount equal to the charges applicable under the Company's tariff (calculated on a proportionate basis where appropriate) to the period during which the error, mistake, omission, interruption or delay occurs, except if such damages are caused by the Company's willful misconduct or gross negligence.

6. **Incidental, indirect, special, or consequential damages.** In no event will the Company be liable for any incidental, indirect, special, or consequential damages (including lost revenue or profits) of any kind whatsoever regardless of the cause or foreseeability thereof.

7. **Interference with Company facilities.** The Company will not be responsible in any occasion for any loss or damage caused by the negligence or wrongful act of the Customer or any of his agents, employees or licensees in installing, maintaining, using, operating or interfering with any Company facilities.

**B. After Hours Service Charge.** The After-Hours Service charge fee is for service provided after normal business hours and appropriate when such is at the customer's request or for the customer's convenience. Such a tariff compensates the utility for additional expenses incurred from providing after-hours service. For example, a customer would be subject to an **Establishment** fee if work is done during normal business hours, but would pay an additional After-Hours Service charge if the customer requested establishment be done after normal business hours.
